MUST FILE CERTIFICATE.

Persons marrying in another state who do not know the law on the subject are liable to a heavy fine. A fine of from \$20 to \$200 or jail sentence of from thirty to sixty days or both may be inflicted.

The state law says that whenever parties living in this state shall go out of it to be married and shall return to it to reside, they shall get from the county clerk in the county in which either of them reside prior to marriage, a blank certificate of marriage which they shall cause to be filled out and filed with the local register of vital statistics of the city, village or incorporated town wherein they reside within ten days after their return.

MUST ATTEND SCHOOL.

The state department is now taking a more active part in the enforcement of the compulsory school attendance law, following the enactment of a new law by the last legislature, the main function of which is monthly attendance reports which the county superintendent of schools is required to furnish to the state bureau of labor and industrial statistics, within ten days after the close of each school month. The names of the delinquent pupils are noted and notice is sent to their parents. If the warning is not heeded legal proceedings will be instituted.

ONE MILLION DOLLARS FOR A GOOD STOMACH.

This Offer Should Be a Warning to Every Man and Woman.

The newspapers and medical journals recently have had much to say relative to a famous millionaire's offer of a million dollars for a new stomach. This great multi-millionaire was too busy to worry about the condition of his stomach. He allowed his dyspepsia to run from bad to worse until in the end it became incurable. His misfortune serves as a warning to others.

Every one who suffers with dyspepsia for a few years will give everything he owns for a new stomach. Dyspepsia is commonly caused by an abnormal state of the gastric juices, or by lack of tone in the walls of the stomach. The result is that the stomach loses its power to digest food.

We are now able to supply certain missing elements—to help to restore to the gastric juices their digestive power, and to aid in making the stomach strong and well. We know that Rexall Dyspepsia Tablets are a most dependable remedy for disordered stomachs, indigestion, and dyspepsia.

We want you to try them and will return your money if you are not more than satisfied with the result. Three sizes, 25 cents, 50 cents and \$1.00. Remember, you can obtain Rexall Remedies in this community only at our store—The Rexall Store.

Half A Million Acres (3,000 Farms)

Government Homestead Land in South Dakota

Pine Ridge and Rosebud Indian Reservations. Open to Settlement October 2-21, 1911

IN connection with the opening of the Pine Ridge and Rosebud Indian Reservations, South Dakota, Oct. 2 to 21, inclusive, the Chicago & North Western Railway is making extensive preparations to transport passengers to and from the registration points. The land

as and Rapid City, S. D., have been designated as registration points. The drawing will take place at Gregory, beginning at 10 A. M., Oct. 24.

Winner, S. D., the present terminus of the Chicago & North Western Railway's extension to the Rosebud Reservation, is located practically on the border of the reservation, and 21 miles west of Dallas and 26 miles west of Gregory. Those registering at Gregory or Dallas may make the trip to Winner at slight additional expense, and thus make a personal inspection of the lands which are to be opened for settlement. Local team and automobile service will be furnished by local parties from Winner, S. D., to all points on the reservation.

The registration and drawing for these lands will be on the same general plan as was made use of on former similar occasions.

The lands have been classified and ap-

acter as adjoining lands now on the market at \$25 to \$65 per acre.

Practically all the cereals will grow and successfully ripen throughout this territory, the grains including barley, oats, rye, speltz, flax and corn. The buffalo and grama grasses, famous for their value to stock raisers, grow here abundantly, and alfalfa, one of the best known fodders for live stock, horses, etc., can be successfully grown. The water supply, climate and general conditions are all favorable to the live stock industry. The climate is salubrious and healthful. The summers are warm and the nights cool and refreshing. The autumns are noted for their bright, warm days, which last from October to December. During the winter the snowfall is light. The entire region is well watered by several large rivers and their tributaries, and Government reports show a generous rainfall and favorable temperatures for the growing season.

The location is a highly desirable one, being within easy reach of the great markets of the West, including Omaha, Council Bluffs, Sioux City, Chicago, St. Paul and Minneapolis. The line of the Chicago & North Western has been constructed westward through the Rosebud lands that have been opened to the public use in the past and provides a direct route to all principal points.

Rich, fertile grazing land for horses and cattle. A wild and unbroken farming land in the reservation now open for settlement

subject to entry is located in Bennett and Mellette Counties, S. D., and will approximate 466,562 acres.

Applicants for these homesteads must register for this purpose some time between Oct. 2 and Oct. 21. Gregory, Dal-

praised by the Government and a price of from 25 cents to \$6 per acre has been established, payment whereof is divided into annual installments covering a period of five years.

The land is of the same general char-

acter. Approximately half a million acres of this land are to be opened to the public, making this one of the largest Government openings in recent years, and it will be one of the last large tracts available.

Danderine

EVERYBODY CAN HAVE BEAUTIFUL HAIR NOW, and they don't have to wait weeks and months for results either. You will notice marked improvement after the very first application.

Danderine is quickly and thoroughly absorbed by the scalp and the hair soon shows the effects of its wonderfully exhilarating and life-producing qualities. It is pleasant and easy to use—simply apply it to the scalp and hair once a day until the hair begins to grow, then two or three times a week till desired results are obtained.

A lady from California writes in substance as follows: "I have been using your wonderful hair tonic for several months and as last I am now blessed with a wonderful suit of hair that measures over 48 inches in length; the braid is over 8 inches around."

Another from New Jersey: "After using sixth bottle I am happy to say that I have as nice a head of hair as anyone in New Jersey."

This Great Hair-Growing Remedy can now be had at all druggists in three sizes, 25c, 50c and \$1.00 per bottle.

Free To show how quickly Danderine works, we will send a large sample free by return mail to anyone who sends this free coupon to the Danderine Co., Chicago, with their name and address and 10c in silver or stamps to pay postage.
