WHATEVER OF MERIT has been created in Autumn coat styles by the country's leading designers, you may be assured of finding in the models we have assembled at the above range of prices.

The success of our Women's Apparel department is very largely due to our ability to keep pace with the constant accession of new ideas in tailored models. This by no means implies the adoption of all ideas put forward by makers, but it does imply the adoption of such ideas as will survive the test of popularity.

### The CHARME Model (Illustrated)

A SIMILAR model is made of a beautiful ratine with collar in Leopard fur effect and is full lined with lustrous silk. A very unusual wrap..... **\$35.00**
