

FREE EVENING SCHOOL TO OPEN OCTOBER FIRST

To cope with the almost unfillable demand for business trained men and women the Marshfield vocational schools have arranged this year to offer a larger number of courses.

In addition to the shorthand, typewriting, bookkeeping and penmanship, there will be domestic science, spelling, business English, commercial arithmetic, mechanical drawing and shop work.

The school will be open for enrollment from 7 to 8 p. m., Monday and Tuesday, October 1 and 2.

School rooms located over Bartmann's shoe store. Everybody welcome. Enrollment fee, \$1.

Women's Benefit Ass'n. to Dedicate New Home

Wisconsin will be represented at the grand dedication of the magnificent new home office of the Woman's Benefit association in Port Huron, Mich., October 2nd, by its state leader, Miss Harriet Olson, who leaves Milwaukee Sept. 28th to attend the special supreme Review to be held in that city prior to the dedication. Miss Olson has been officially connected with the association for nine years and has been one of its most progressive officers. She has the honor of representing the largest fraternal society in the world for women and this special dedication is an unusual event, in that it is the first and only building of its kind in the world built and offered by women. Twenty-five years ago it was founded and organized by Miss Bina M. West, its present leader, and has grown from a handful of members to 200,000 busy workers in the United States and Canada. Miss Olson will participate in the special ceremony in honor of the silver anniversary of Miss West as leader and will take part in the deliberations on the extensive plans about to be adopted to further the work among women. Already this association has distributed over fourteen million dollars in benefits and its free hospital service to its needy sick, is very much appreciated in Wisconsin. Miss Olson has the loyal support of all Marshfield members, who will endorse her judgment in the special supreme session of this association.—Mrs. Emma Brainard, Commander Marshfield Review No. 62.

VERA GILFORD.

Vera Gilford, the 16 year-old granddaughter of Mr. and Mrs. Peter Lahman of this city died at their home Saturday. She leaves to mourn her grandparents, Mr. and Mrs. J. P. Lahman; her father, Alois Gilford, of Dubuque, Iowa; her uncle, John Lahman of Hurley; besides the following relatives, Mrs. Leon Shelf and Mrs. John Sheirar of Oniro; Mrs. Peter Hoffman and daughter of Park Falls; Miss Elizabeth Beer of Ripon; Mr. and Mrs. George Danner, Miss Anna Blumenstein and Mr. and Mrs. Oswald Rhyner of this city, and Miss Pearl Gilford and Mrs. Clyde Frulong of Dubuque, Iowa.

The funeral was held Tuesday morning from St. John's Catholic church at nine o'clock.

HIGH SCHOOL NOTES.

The High school orchestra organized last Tuesday evening under the direction of Miss Marie Runkel, supervisor of music.

The seniors had an important class meeting Thursday to select class pins. Ray Schroeder gave a very good exhibition of his talents as cheer leader at Saturday's game.

High school students are showing their patriotism this week by contributing to the library fund for libraries in the training camps.

C. H. Wilson was out of town on Wednesday.

Superintendent Miller was at Menominee Thursday and Friday.

Some new yells were introduced this week: The sky rocket, Sis—Boom—ah—whistle—the team—the locomotive. (Slow) U rah rah our Marshfield High, (faster) U rah rah our Marshfield High, (faster) U rah rah our Marshfield rah! Yells are getting scarce, help us out!

In the first game of football this season the Alumni of the M. H. S. were defeated by the regulars of the school by the close score of 7 to 0. The victory of the locals was a clean cut one and showed conclusively that the team gathered together this year should be a consistent winner, no matter what caliber teams they encounter during the time of their schedule.

The Alumni was composed of men with football experience at Normal schools and colleges, but they were defeated mainly through their lack of team work. Such men as Whitney, Wendt, Eckel, Reynolds, Drollinger, Schroeder, Harney, Snyder, Egger, Vaughn and Wegener were included in the line-up. The High school lined up with the following: Tice, Whitney, Marsh, Capt., Noll, Goetz, Reynolds, Whittlinger, Kraemer, Felker, Bulmer, Heiser, L. Heiser.

All of the High school men played a creditable game and showed that they possess real ability this year. Coaches Weimar and Wilson have the combination this year that ought to prove a winner. The average poundage of the team is about 170 pounds, the heaviest that has represented the school for quite some years. Next Saturday the team travels to Stevens Point where it plays the Normal of that city. It is expected that the game will prove no run-away for the Normalites even though they possess superior knowledge of the game.

PROOF FROM GRAND RAPIDS.

Grand Rapids Citizens Speak Out Publicly.

In Grand Rapids we find that people are praising Doan's Kidney Pills as highly as here in Marshfield. Being so nearby, the statement of a Grand Rapids resident is of particular interest. Marshfield people will do well to profit by Mrs. Hanson's experience.

Mrs. William Hanson, 436 Tenth Ave., S., Grand Rapids, Wis., says: "I was in poor health with kidney and bladder trouble. My back ached day and night and it hurt me dreadfully to lift anything. I took four boxes of Doan's Kidney Pills in all and was benefited in every way. My back got much stronger and my kidneys again acted regularly."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Hanson had. Foster-Milburn Co., Props., Buffalo, N. Y.

Co-operative Deliveries on Request of Council of National Defense. Marshfield Acts to Help Economize on Men and Money

On request of the Council of National Defense the Merchants of Marshfield have organized a Co-operative delivery system in order to help the Nation save money and men. It is purely a patriotic move and deserves the hearty Co-operation of the public. The merchants that have entered into this system are doing so, as a duty to the government, as true patriots doing their bit. You can do your bit by helping these merchants. Remember that they are doing it for the good of the country -- for your good -- even at a possible sacrifice to their own interests.

Starting Monday morning

at 8 o'clock, the first Co-operative delivery wagons will scatter over the city, and there-after deliveries will be as follows. 8 A. M. - 10 A. M. - 2:30 P. M. - 4:30 P. M. 4 deliveries a day under the able management of H. R. McDonald. Co-operate with the merchants, — give them as much time as possible to fill the orders promptly — if you desire goods on the first delivery in the morning, try and phone your order the night before or not later than 7:30 in the morning if you wish goods on the second delivery, phone no later than 9:30 o'clock, — for 2:30 delivery have your order in before 2 P. M. and for the last delivery phone no later than 4 o'clock.

But still more Important

carry small parcels yourself, in that way you will save money and time. Please understand that this move is urged by the President from the Council of National defense, and that you will help materially, if you comply with the requests.

REMEMBER

that this movement is urged by the National Council of Defense—that is done to help the nation save time and money—that it is your duty to co-operate with the merchants.

The following merchants have signed and pledged their co-operation to this patriotic move.

Tiffault-Kamps Merc. Co., Rose Bros., Uthmeier-Hintz Co., Kestel Bros., Wright Bakery, A. E. Kump, C. W. Hart.

All other merchants are expected to fall in line and do their duty to the nation.

REMEMBER

that this move is a national measure, not local, — the President urges every retailer to join in this matter, and in that way do his share for Country and Flag.

Miss Abina Prijatal of Grand Rapids was home over Sunday visiting her parents.

MOVABLE TRENCHES NEW INVENTION

Quantico, Va., Sept. 24.—Trenches that may be picked up bodily and moved around from place to place is the invention of United States Marines stationed here, who use this novel apparatus for practice in hand grenade throwing.

Sections, about 10 feet long, with a parapet that stands 3 feet above the head of the grenadier, form a skeleton framework of pine, shaped similar to the regular trenches. From inside these portable trenches, or "stalls" as the Marines call them, the sea-soldiers hurl the grenades over the top and into other stalls, placed about 50 feet away, to represent the enemy trenches.

The practice grenades are non-explosive, but are of the same weight and size as those used by the Allies. Long, rangy fellows prove to be the best throwers, as their greater reach helps them to develop the sweeping overhead throw that experienced grenadiers use.

Madison.—Of the 16,000 members of the Wisconsin National Guard upwards of 5,000 carry insurance, it is shown by the insurance census conducted under the direction of Commissioner M. J. Cleary. So far as that office knows this is the only state that has made such a census.
